CENTRAL COMMITTEE

Cochin, 8th June 2020

Statement

CONDEMN THE US-ZIONIST CONSPIRACY

FOR WAR OF AGGRESSION TO ANNEX WEST BANK

The Zionist Israel has come up with its fresh plan for war of aggression upon Palestinian people in the form of conscious attempt to annex the Palestinian land where the Zionists have had encroached settlements within the West Bank. This plan has been declared by Benjamin Netanyahu saying that he was acting according to the Trump-plan. He did not hide that furtherance of this project is to annex the whole West Bank.

The left-wing Meretz party and the communist Hadash faction of the majority-Arab Joint List, along with several other left-wing rights groups have conducted massive protest march in Tel Aviv on 6th June 2020 against this annexation plan that triggers war of aggression.

We condemn this outrageous action of open aggression amounting to glaring war crime. We condemn its conspirators and perpetrators: the Zionist Israel and US imperialism. We once again unequivocally state our unflinching solidarity with Palestine and assert our fraternity with Palestinian people.

We call upon all the left, secular and democratic forces to close ranks put up wide resistance against this malicious plan of aggression and war hatched and executed by US imperialism and Zionist Israel.

Down with US imperialism and Zionist Israel and their heinous plot to trigger war of aggression.

Solidarity with Palestine and its just quest for sovereign nationhood.
