Fight the Fascist Dragnet of False Cases Fight Policies that doom economy and the nation

As nation reels under covid 19 pandemic that becomes exponential day by day and economic depression aggravated by union government's anti-people pro imperialist economic policies that has eaten up jobs of millions and has triggered starvation deaths, Modi raj led by fascist RSS has begun to spread a dragnet of false cases to silence the opposition specifically, the left political forces; so that, the emerging fight from the working class and the peasantry could be cut off from the political leadership.

The malicious design to suggestively implicate comrade Sitaram Yechury, the general secretary of Communist Party of India (Marxist), along with a number of intellectuals, opposition leaders and activists, in the Delhi Riot case is concrete example of this nefarious design of Modi government. This is purported to silence the Left Critique inclusive of Left proposal of alternative regarding the negative economic and political moves of Modi raj as the union government tries to utilise the pandemic situation for complete sell out of national assets including Railways, Coal, Steel and Defense Industries and to whip up communal frenzy to divide the people. The CAA-NRC-NPR was a wicked dart thrown to create division among people. Maligning the struggle against CAA-NRC-NPR is part of this.

With all these, Modi-Amit Sha company is moving everything to the end game as per RSS agenda for which they go subservient to all imperialist diktats. This has to be resisted, stalled and overcome.

So, we call upon the Left, Democratic, Secular and patriotic forces to fight the Fascist Dragnet of False Cases and fight the Modi Government's Policies that doom economy and the nation.
