### **Hathras Rape and Murder Case:**

## **Oust Yogi Adityanath**

## **Order Comprehensive Inquiry**

The manhandling and apprehension of sri Rahul Gandhi by the UP police and the forcible prevention of opposition leaders meeting the family of the dalit victim of rape and murder in Hathras are acts of brazen display of fascism by Yogi Adityanath regime in Utar Pradesh that has turned the state into rape country and reckless police raj.

It is ominous that the police forcibly burnt the body after denying the victim's family from paying last rites to the girls' body. Even the collector was part of this crime. The police and collector had defied the order of the magistrate and the member of parliament that the body of the victim must not be burnt. By imposing 144 in the district sealing its borders and disallowing leaders of the opposition from meeting the family of the victim all the actions of Yogi raj are clearly of conniving with the culprits. Suspending police officials and setting up SIT are mere actions of eye-wash.

It is alarmingly coincidental that this bizarre act by UP administration has been at the heels of the Babri Masjid Demolition case verdict which was complete overturning of justice.

We demand immediate ouster of Yogi Adityanath government and thorough inquiry of the whole matter including the crime by judicial office and central investigation agencies in open and transparent manner. We call upon the Democratic Secular and Patriotic forces of the nation to close ranks and rally in protest to fight the spread of new dark age in the state of UP and successively in the whole nation.
