

MARXIST LENINIST PARTY OF INDIA (RED FLAG)

CENTRAL COMMITTEE

Cochin, 30th November 2020

UNITE WITH THE PEASANTRY IN THE FIGHT AGAINST ANTI-FARMER AND ANTI-PEOPLE LAWS

Close on the heels of an epic General Strike by the Indian Proletariat on 26th November, farmers of the nation, from Punjab, Haryana and UP in particular, have begun a massive march to Delhi, the national capital. In the list of charter, their key demand is to scrap the three anti-farmer laws and the new Electricity (Amendment) Bill, 2020. The same were demanded with import by the proletariat in the charter of the General Strike too; pointing at the historic character of the Worker Peasant Alliance that the proletariat is bound to lead.

Almost all the class strata of the peasantry are under fire because of these new legislations that erase market controls that used to hinder the plying of trade by forces of International Finance Capital (IFC) and the Monopoly Capitalists (MC) in India. The penetration of MNCs and big business groups in the form of Foreign Agro-companies is the direct manifestation of this. So, this consolidation of peasantry is evidently due to the antagonistic contradiction that they altogether have been thrown into by the State that serves the IFC-MC combine.

Unlike in the old occasions, the tested tactic of Indian big bourgeoisie to collude with the landlords and reactionary upper crust of the peasant strata, the Kuluks/rich peasants, to lure the middle peasants by appeasements and to coo sweet slogans in the ears of the poor peasants and agricultural labourers is not working smoothly. So, the proponents of the Modi regime tried their maximum to tarnish the united peasant movement by calling them pack of brokers who ply in farm markets, Khalistan terrorists and sectarians from Punjab. All these malicious attempts failed miserably as farmers from other states such as Uttar Pradesh, Uttarakhand, Haryana and even from Rajasthan and Maharashtra. It reminisces the glorious tradition of great martyrs such as Bhagat Singh, Chandrasekhar Azad, Sukhdev, Raj Guru etc. Two phenomenal changes have damaged the said pied-piper-tactic. Those changes are the total integration of the market and the abandonment of procurement of essential commodities. Both affect the people at national scale by depriving livelihood and food security as these are Famine-making Kisan-assassin laws.

The said phenomenal change has created an epochal advance in the laws of motions of objective situation. This change has enhanced the Worker Peasant Alliance (WPA). The sections of rich peasantry that are unwilling to metamorphose into a collaborating force in service of IFC-MC will be positively churned and added to the possible allies of the WPA core-class-axis.

So, it has become the historical task of the leadership class that is the proletariat in general and its conscious political vanguard that constitute the communist and left forces to grasp this historical change and spearhead responsible action. It alone will save the basic social fabric of our country that supremely served as the propelling force of the Great Freedom Struggle and of the sustained Nation-building. This has become the cardinal duty of the proletariat and its political vanguard because of its pivotal character in saving the republic from the fangs of Imperialist Globalisation and Communal Fascism.

We call upon the ranks of working class, peasantry, other sections of toiling masses and all the secular-democratic-patriotic forces to close ranks in active camaraderie with the fighting peasantry that ploughs history for sowing spring for the fruition of future.

- **Scrap the anti-people anti-peasant legislations and The Electricity (Amendment) Bill, 2020**
- **Hold ranks and shoulder the tasks of the fighting peasantry**
- **Long live Worker Peasant alliance**
- **Down with Imperialist Globalisation**
- **Down with Communal Fascism**

(Signed)

**MS Jayakumar
General Secretary**
