**Raise Voice and Rally Against
The UAPA Murder of Fr Stan Swamy**

Father Stan Swamy's deeply saddening demise in UAPA custody, because of being denied of sufficient medical care and essential bail on medical ground, even though he was facing acute and potentially life-threatening illness, is a clear case of outrageous UAPA murder. It exemplifies the conscious action of Communal Fascism that wields state power.

Father Stan Swamy being targeted by the draconian UAPA, by way of being implicated in the Bhima Koregaon false case, is not without reason as per according to the interests of corporate capital for, he was in the forefront of resistance, voicing the rightful protests of the displaced people in lakhs, who were evicted from their habitat and houses by the mining giant Vedanta and other capitalist corporations like it.

He was a man of rare kind of priestly conviction, who chose to fight the odds for the millions in their this-worldly perils and injustices that they faced, with his body and soul as he was convinced of to be the most meaningful means of salvation, with a brave heart and in the truest sense. This noble sacrifice of his evokes the democratic forces of the nation to raise voice against this persecution and the brutal custodial murder and to continue the cause that he fought and fell for.

It once again shows how draconian the UAPA is and how it is being wielded by the fascist forces who serve the most rabid sections of the corporate capital.

We call upon the democratic forces of all genres to close ranks and come forth to protest against Fr Stan Swamy's Custodial Muder.

We demand for all the dark forces that administered this crime to be brought before justice and an explicit decision be made to prevent such UAPA murders any further.

(Signed)

MS Jayakumar
General Secretary
